SOME TALK OF PEACE.

Other Evidences Are Coming to the Surface.

SPAIN EXPECTS ARMISTICE.

In That Way She Hopes to Save Camara's Squadron.

IT IS NOW RETURNING TO SPAIN.

However, Unless an Armistice Is Obtained, the Cadiz Fleet Will Be Intercepted by Commodore Watson and Certainly Destroyed.

Washington, July 9.—There was a continuation of peace talk, and other evidences in this line than those of Thursday are coming to the surface.

Such, for instance, was the confirmation by the state department of the report that the Cadiz fleet was returning to Spain, since it is scarcely conceivable that the Spanish government would doom this last remnant of their fleet to destruction at the hands of Watson's squadron, which, in all probability, could head it off before it reached Cadiz, its home port.

Therefore the assumption is that the Spanish government calculates that at least an armistice precedent to peace will be obtained before the ships reach Spain.

An unusually definite report was in circulation that the United States had been sounded in the interest of peace by the British ambassador, but when it was brought to Sir Julian Pauncefote's attention he authorized an explicit denial, and said he had not communicated with the government in any way regarding the termination of the war.

Conditions at Santiago also are regarded as favorable just now, according to General Shafter's dispatch received during the forenoon. Nothing more came from him during the day, but the impression prevails that the Spanish are in a desperate plight within the lines of the city, and General Shafter's action in allowing Linares to communicate freely with Madrid is an implication that there is at least a reasonable hope that the Spanish general contemplates a surrender.

PREPARATIONS ARE PUSHED. However that may be, every preparation is making for a great engagement, the final one at Santiago, it is hoped, which may begin even as soon as Shafter's reinforcements are on hand.

The greatest difficulty that has been encountered is in landing troops and supplies. This being the hurricane season, and the wind setting straight on the southern coast, the masters of transports have become alarmed and taken their ships many miles to sea, necessitating long journeys by the ships' boats, which make their landings through the surf with the greatest difficulty and danger.

So slow and tedious has been the service under these conditions that Secretary Alger has ordered General Shafter to seize the transports, one and all, and place them as near the coast as he chooses without regard to the fears of their masters.

Two days ago lighters were started down from Mobile and Tampa, but so far General Shafter has received only one. These lighters have been a nightmare to the department ever since.

The captives tie up in creeks at the slightest sign of bad weather, while the charter rate of \$100 a day runs on. Orders have been sent forward to terminate this state of things even if it is necessary to lose a few lighters in the effort to reach Shafter.

WHAT ABOUT CERVERA?

The government has not yet determined how to dispose of Admiral Cervera. A feeling of the highest admiration prevails here at the gallantry displayed by the old warrior and the noble spirit exhibited by him under misfortune. The disposition is to treat him with as great liberality as conditions will permit.

It has been proposed that he be released on parole not to engage in hostilities against the United States until the end of the war, but it has not yet been decided whether to do this or to confine the admiral technically within the limits of the naval academy reservation at Annapolis.

All the other captured Spanish naval officers will be confined there save the surgeons, who will be allowed to remain with the enlisted men at the prison station at Seavy's island, Portsmouth harbor, New Hampshire. The St. Louis is due there with the first lot of prisoners while the Harvard is just about to start from off Santiago with the remainder.

The report of the appearance of a Spanish privateer off the coast of British Columbia, which appears to have created such a commotion on the northwestern coast, came from one of the government agents in that section of the world.

Moreover, the same person said that two vessels were taking on coal at a British Columbian port which, it was presumed, was intended for the Spanish fleet should it have made its way into the Pacific ocean through the Suez canal.

The failure of congress to act on the naval advancement special acts may after all be beneficial as enabling the president to arrange with more deliberation and justice a scale of rewards for meritorious officers.

Hobson on Board the New York.

Off Santiago de Cuba, July 9.—The return of Assistant Naval Constructor Richmond P. Hobson of Merrimack fame, to his ship, the flagship New York, was marked by wild enthusiasm. It was dark when a shout was passed along the ship that Hobson was coming. On the superstructure clambered the crew, ten deep, and on the quarter deck the officers clustered around the sea ladder and a hundred hands were stretched out to grasp Hobson's. It was not until he was safe once more on deck that the crew of the New York cheered, and then they broke out into a wild yell which went up over and over again until the men were hoarse. Numbers of the crew rushed forward to the quarter deck and a great group of men struggled around the tall figure of the man who had dared so much.

Not Believed.

San Francisco, July 9.—The report from Washington that a Spanish privateer is hovering off the coast of British Columbia is not credited here. Some time ago it was reported that a man named Brown had cabled from Victoria to the Spanish authorities at Madrid, asking for letters of marque to fit out a privateer and prey upon the treasure ships coming from the Klondike. At the time this was thought to be merely an advertising scheme to revive the waning interest in the Klondike gold fields, and no trace of Brown could be found at Victoria. If a Spanish privateer is really cruising off British Columbia she will have rich picking. The steamers Roanoke and St. Paul are due to arrive almost any day from St. Michaels with big shipments of treasury.

Eleven Lighters Lost.

Washington, July 9.—The war department was advised that during a severe storm off the coast of Cuba eleven lighters en route to Santiago in tow of tugs were swamped and lost. So far as known no lives were taken. The lighters were from Mobile, New Orleans and Charleston and were intended for the use of General Shafter in transferring supplies and ordnance from the transports to shore. Their need was essential to the prompt forwarding of all military necessities to the front before Santiago. The war department, upon receipt of this information, immediately put into operation efforts to replace the lost lighters at once.

Starvation in Havana.

Kingston, Jamaica, July 9.—The British cruiser Talbot, which left Havana on Tuesday, July 5, arrived at Port Royal with 23 passengers, among them Sir Alexander Gollan, British consular general at Havana, and Mr. Higgins of the British consulate there. Mr. Higgins said: "The city of Havana is quiet and there are no new complications. The well to do inhabitants are subsisting tolerably, but the poor are dying of starvation in the streets. There are many sights of terrible misery. The barracks are filled with starving women. The soldiers are fairly well fed."

Spanish Steamer Run Down.

Key West, July 9.—A 4-masted Spanish steamer of about 6,000 tons, with two funnels, has been run aground at Mariel, west of Havana, after being chased by the gunboats Hawk, Castine and Prairie. The intelligence was brought here by several auxiliary warships returning from the north coast blockade. At the time they left the lines the identity of the wrecked Spaniard had not been established. By many, however, it is thought she is the Alfonso XII.

Ordered to Return to Spain.

Cairo, Egypt, July 9.—Admiral Camara, the commander of the Spanish fleet which was bound for the Philippine islands, and which recently passed through the Suez canal, has informed the Egyptian government that he has been ordered to return to Spain. Therefore his ships will go through the canal immediately and will proceed westward. The Spanish warships will now be allowed to coal, as they are returning home.

A Spanish Privateer.

Washington, July 9.—The navy department has been informed that a Spanish privateer carrying five guns is hovering off the coast of British Columbia. According to last accounts the privateer was between Prince Charlotte sound and Dixon's entrance. Prompt instructions have been sent to the military authorities of the northwest coast to prepare for a visitation.

Russia Favors Peace.

St. Petersburg, July 9.—The Russian officials and the general public here are strongly in favor of speedy peace as the only salvation for Spain, and the newspapers recommend the intervention of Europe to compel a cessation of hostilities. It is asserted that if any power directly interested in the fate of Spain or the United States proposed mediation or initiated intervention she would certainly have Russia's approval.

Who Has Opened Negotiations?

Rome, July 9.—Italy says that negotiations have been opened among European powers with a view of arranging peace. The best intentions, the paper asserts, are manifested at Washington, but the Madrid cabinet strongly opposes any idea of peace.

Havana Is Quiet.

London, July 9.—The Times publishes a long letter from E. W. Knight, dated from Havana on June 6, in which the writer gives details of his difficult landing in Cuba, experiences in prison and release. In regard to conditions of affairs in Havana, Mr. Knight says he found the city in a very different condition than that described in the American press, and that the town is perfectly quiet.

SPANISH CONDITION.

Many of the Dons Are Too Weak to Bear Arms.

Playa del Este, Guantanamo Bay, Cuba, July 9.—A Spanish soldier, terribly emaciated and so weak that he could hardly walk, was picked up by men from the United States gunboat Annapolis at a point near the entrance to the upper bay.

He had no rifle, for he was too weak to carry it. According to his story, there are many Spanish soldiers in Guantanamo in the same condition of starvation.

He says there is absolutely nothing to eat there, but that the Spaniards are daily told that if they surrender to the Americans they are sure to be murdered.

A captain and three privates from Baracoa came into the bay in a small sailboat and were picked up by the cruiser Marblehead.

They were ostensibly greatly surprised and claimed not to have known that the bay was in the possession of the Americans.

They report that there is a great scarcity of food at Baracoa, and that the Spanish troops there are in bad shape.

Over 20,000 rations for reconcentration have been landed across the bay by Commander McCalla of the Marblehead, and the half starved Cubans are flocking in from the hills for food.

Floods Hinder American Advance.

Cavite, July 9.—Floods in the country districts are hindering the advance of the American troops. Rear Admiral Dewey has given notice that he will not allow any more refugees being removed from Manila on board ship. The German cruiser Cormoran left here for Iloilo.

Afraid of the Powers.

Madrid, July 9.—The peace party urges direct negotiations with the United States rather than through powers whose selfishness has allowed Spain to be crushed by a stronger enemy and who may now intrigue for harder conditions, desiring to profit by her dismemberment.

Great Alarm in Spain.

Madrid, July 9.—La Correspondencia de Espana says there is a feeling of alarm due to a belief that the United States warships Oregon, Texas and New York are now on their way to Spain and that precautions are being taken at all the seaports to avoid a surprise.

Know of Their Defeat.

Madrid, July 9.—All Spain knows of her defeat and the people are beginning to realize the magnitude of the disaster. The Conservative press exhorts good citizens to maintain peace.

Ordered to Philippines.

Rome, July 9.—The Popolo Romano says the Italian government has ordered the third-class cruisers Piemonte and DeGall to proceed to the Philippine islands.

Mangled by the Mower.

Liberty, Ind., July 9.—The 4-year-old son of Al. Brown, while playing in the hayfield, stumbled and fell in front of the mower, and before the team could be stopped one leg was so badly mangled that it will be necessary to amputate the foot of the other leg.

PECULIARLY INTERESTING

Is the Usual Half-Yearly Statement of Failures.

New York, July 9.—R. & G. Dun & Company's weekly review of trade says: The usual half-yearly statement of failures by branches of business is peculiarly interesting because it shows that war and fears of war have not caused increase in commercial disasters.

The surprisingly large and general decrease in trading defaults would without doubt be accompanied by corresponding returns as to manufacturing, but for excessive expansion in some lines and the helpless condition reached by a few large firms in other branches.

Failures during the second quarter have been smaller than in the same quarter of the past four years in trading and in manufacturing—smaller than in the same quarter of any year excepting 1894.

The fiscal year has ended with financial results a shade beyond general expectations and the new war tax begins to increase revenue, not seriously disturbing business in any line. No reason yet appears to apprehend that the war revenue will fall below expectations.

Criticism of crop estimates is the less needful because the best authorities all agree that supplies for the coming year promise to greatly exceed home requirements and a full export demand, though for a month or two yet Europe may require much more than usual.

This will help to sustain the market while the earlier receipts are coming forward and prices will then be determined largely by the outlook for crops abroad which is not as yet entirely encouraging.

It is not enough to dismiss the iron industry with the bold statement that it is using up more iron, even at the slowest point of the year, than ever before. It is getting bigger domestic contracts for agricultural implements and car materials and also for structural work, than in any previous year, but especially for plates, the demand for which quite overruns the capacity of all the works, and not mainly on government account.

Failures for the week have been 229 in the United States against 206 last year and 17 in Canada, against 30 last year.

Two Persons Drowned.

Indianapolis, July 9.—Robert Morris, a divinity student at De Pauw university, and Miss Dora Farrington of Flackville were drowned in a lake at Zionsville, near here, while attending a Sunday school picnic. Morris and Miss Farrington were rowing across an artificial lake, when their boat was struck by a swinging car attached to a cable over the water. Miss Farrington was knocked out of the boat and Morris leaped into the water to save her. Both sank to Morris had taken a church at Flackville for the summer.

Started For Woo-Chow.

Hongkong, July 9.—The British gunboat Tweed has started for Woo Chow, on the West river, about 130 miles above Canton, from which city the news of the rebellion in the province of Kuang-Si was recently received. The rebellion is spreading. The towns of Yung-Sien and Pei-Luh have fallen, Swa-Chou and Woo-Chou are threatened and disturbances are reported to have broken out at Chin-Kiang-Fu, on the Yangtze. The Chinese are impeding navigation.

Senate Was Deceived.

Washington, July 9.—The senate committee on claims made its report upon the investigation made by the committee into the payment to Major E. B. Stahlman of \$100,000 as an agent in getting the claim through. The committee finds that the senate was deceived by the reports sent that Mr. Stahlman and Messrs. Barbee and Smith, book agents, but absolves the Methodist church south, as such, from blame in the matter.

Who Wants a Wife?

Marion, O., July 9.—A woman giving the name of Mary Collins was arrested by the police here yesterday. She says she has killed 15 men and has a husband in Circleville who is ready to join the angels. She is undoubtedly demented and will be held until an investigation into her affairs can be made and her identity established.

Arrived at Sydney.

Halifax, July 9.—Lieutenant Peary has arrived at Sydney, C. B., on his way to the Arctic regions. He says he is confident that he will reach the North Pole this time, but he may consume four years in doing it.

Fumigating Machinery.

Mobile, July 9.—The quarantine station at Mobile bay burned, including a fumigating machine, wharf, etc. The fire caught from a boiler furnace. The plant cost \$50,000, and is insured for \$12,000.

PRISONERS EN ROUTE.

Sampson's Fleet Has Quite a Collection.

THE COLON MAY BE SAVED.

The Infanta Maria Teresa Also Not a Total Wreck.

OTHER VESSELS WORTHLESS.

Naval Constructor Hobson Is Looking Over the Wrecks and Will Make a Report of His Findings. Big Shells Dropped in Santiago.

Off Santiago de Cuba, July 9.—The United States auxiliary cruiser Harvard has sailed for Portsmouth, N. H., with the remainder of the prisoners, the total now being 1,750.

A board of officers is inspecting the Cristobal Colon and it is hoped she may be saved. Naval Constructor Hobson is on board the Spanish cruiser and is about to value the Infanta Maria Teresa. The Vizcaya and Almirante Oquendo are worthless wrecks.

Admiral Cervera, before leaving, sent the following cable dispatch to Captain General Blanco:

To the commanding general of Havana: Acting on your instructions, I left Santiago de Cuba and encountered an American force three times the strength of mine. The Infanta Maria Teresa, the Almirante Oquendo and the Vizcaya were beached and burned; according to an American report, the Cristobal Colon was beached further west of Santiago. The Pluton and the Furor foundered. The men behaved so bravely that they won praise from the Americans. About 600 were killed and large numbers were wounded. The rest were taken prisoners. All is lost and we need money. Villamil was killed, and probably Lazaya, Concas and Eulate were wounded.

Admiral Cervera, before leaving the harbor of Santiago de Cuba on Sunday morning, signalled the following message to his fleet:

The admiral to his dear children. He hopes that God will grant us a prompt victory.

Eighteen 8-inch shells from the New York were fired last Friday and it is now learned that they landed in the city, doing great damage. They were fired over the hills. As there it is believed that Santiago will surrender. If not, Rear Admiral Sampson will shell the city.

The report of the engagement on July 1 at Manzanillo between the Scorpion and the Osceola and some Spanish gunboats was received here. The American gunboats entered the harbor and found one gunboat of 1,000 tons, two of about 300 tons, one very small boat and a receiving ship made into a floating battery.

The shore batteries and a force of soldiers who kept up a fire of musketry opened with the Spanish gunboats on the Scorpion and Osceola. On account of the shallow water the commander of the Scorpion says the American boats could not go close in shore.

For 20 minutes the fight was kept up, the Gatling guns on the Osceola mowing the soldiers down and the Scorpion's heavy armament damaging the gunboats. Then the Osceola and Scorpion left the harbor and lay outside close to the entrance, but the Spanish gunboats did not come out.

The Scorpion was hit 12 times and her deck was somewhat torn up. The Osceola was hit several times. There were no casualties, however, on the American boats.

Blanco Favors War.

Madrid, July 9.—According to a dispatch received here from Havana, Captain General Blanco openly urges the continuation of the war. The newspapers of this city say the moment has not arrived to seek for peace, one of them adding: "We find ourselves in a position from which we are able to make our enemies feel the consequences of the war."

A Misleading Dispatch.

London, July 9.—A dispatch from the United States declaring that the Americans are unable to capture Santiago de Cuba, and that the perpetual strain has broken the men's nerves and constitutions, bringing them to the verge of disaster, unless reinforced, is published conspicuously here, and was also telegraphed to Madrid.

Army Promotions.

Washington, July 9.—Among the nominations will be that of Brigadier General Lawton, to be major general, and Colonel Leonard Wood, to be a brigadier general. General Lawton is now in command of a division before Santiago.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

PRAYERS

Of the People Invoked By President McKinley in Praise of God For Our Great Victories—A Proclamation.

WASHINGTON, July 6.—President McKinley to-night issued the following proclamation to the American people:

To the People of the United States of America: At this time when the yet fresh remembrance of the unprecedented success which attended the operations of the United States fleet in the bay of Manila on the first day of May last, are added the tidings of the no less glorious achievements of the naval and military arms of our beloved country at Santiago de Cuba, it is fitting that we should pause, and, staying the feeling of exultation that too naturally attends great deeds wrought by our countrymen in our country's cause, should reverently bow before the throne of Divine grace and give devout praise to God who holdeth the nations in the hollow of His hands and worketh upon them the marvels of His high will, and who has thus far vouchsafed to us the light of His face and led our brave soldiers and seamen to victory.

I, therefore, ask the people of the United States upon next assembling for Divine worship in their respective places of meeting to offer thanksgiving to Almighty God, who, in His inscrutable ways, now leading our hosts upon the waters to unscathed triumph, now guiding them in a strange land through the dread shadows of death to success, even though at a fearful cost, now bearing them without accident or loss to far distant climes, has watched over our cause and brought nearer the success of the right and the attainment of just and honorable peace.

With the nation's thanks let there be mingled the nation's prayers that our gallant sons may be shielded from harm alike on the battlefield and in the clash of fleets, and be spared the scourge of suffering and disease while they are striving to uphold their country's honor; and, withal, let the nation's heart be still with holy awe at the thought of the noble men who have perished as heroes die, and be filled with compassionate sympathy for all those who suffer bereavement or endure sickness, wounds and bonds by reason of the awful struggle. And, above all, let us pray with earnest fervor that He, the dispenser of all good, may speedily remove from us the untold afflictions of war and bring to our dear land the blessings of restored peace, and to all the domain now ravaged by the cruel strife the priceless boon of security and tranquility.

WILLIAM MCKINLEY.
Executive Mansion, Washington, D. C., July 6th, 1898.

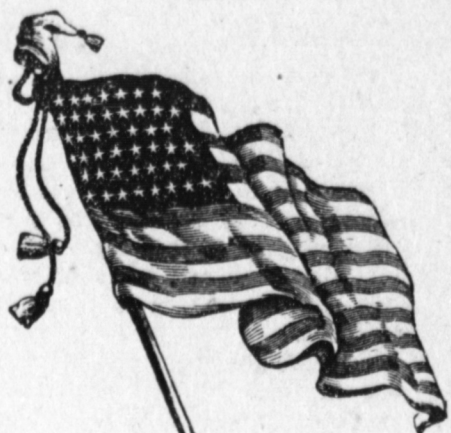

Mr. GEORGE F. BROWN has bought Messrs. C. D. Russell & Co.'s stock of chinaware and queensware and took charge of the store to-day. He will continue the business at the present stand.

Mr. JOHN J. THOMPSON met with an accident while mowing hay this week by which one of his hands was badly mashed and cut. The accident occurred at his place near Fern Leaf.

Yellow Jaundice Cured.
Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood, druggist.

THE FLAG FUND GROWS.

Numerous Responses to the Call For Funds To Secure Colors For Our Boys Now at Camp Corbin. Contributors.

Maysville and Mason County should join heartily in the move to present their soldier boys with a handsome flag to carry with them to Cuba, Porto Rico or any other point to which they may be ordered. And the response ought to be prompt, as the colors should be presented before the company leaves Camp Corbin.

The necessary funds could be contributed by a comparatively few citizens, but those who have the matter in charge want as many of our citizens as possible to join in the move, and so suggested 25 cents as the limit of any single subscription.

Hand in your quarters or send them to the BULLETIN office and they will be reported and turned over to the committee. The following have contributed:

The export business of the Chesapeake and Ohio road via Newport News for the year ending June 30 was 40 per cent., in excess of the export shipments of the year ending June 30, 1897. During the year ending June 30, 1898, 249 foreign vessels unloaded freight at Newport News and 658 cleared loaded with freight for foreign points. President Ingalls and other officials of the Chesapeake and Ohio lines are much elated over this large increase.

THE C. and O. will soon put a regular line of steamers on to operate between Newport News and Manchester, England. The steamers that have been and are now in this trade for the C. and O. The traffic has grown so rapidly, however, that the company feels justified in putting on a regular line of its own steamers, and they will go into service probably about the first of September.

"To us, nearest and dearest to him," said the mother of young Hobson, the hero of the Merrimac, "it took no Santiago to prove him a hero. He was a hero every day in the week, being in every way and at all times a help and comfort to the family." That is the highest compliment that could be paid him, for after all, it is the little things that are done unknown to the world that is the truest test of heroism.

THE citizens of Maysville are true to any patriotic cause as was shown last night by the grand showing and turnout of the public in general at the Fremont Park for the benefit of the P. O. S. of A. The theatre was packed to its limit and about 500 were turned away. The crowd was a jolly one and easy to handle. The performance was pleasing, each and every one trying to do their best. All in all it was a grand success and a night to be remembered.

LEXINGTON dealers have sold to the army officers about six hundred head of cavalry and artillery horses—besides a large number of army mules. Kentucky has furnished a vast amount of horse stock, as it is estimated that Lieut. Blunt has expended at least \$140,000 in this direction for Uncle Sam in Kentucky alone, to say nothing of what Captain Aleshire, Captain Swiger and others have paid for horses and mules. It is a safe estimate to say the amount paid for horses by the Government in Kentucky is at least a third of a million dollars.

SHIRT WAISTS

No wonder they hold their own season after season—there is no substitute for their comfortable prettiness. These we tell of are chic and cheap—a miscellaneous lot, no two alike, sizes broken, but all have pointed yoke back, loose front, laundried lot, a round up of several lots. Such waists at the price, a bargain prize. All have been 75c. and \$1 or over. To make the distribution easiest to you, we've arranged two selling prices, 50c. and 89c. A worthy bargain surely.

BOYS' LINEN COLLARS.

Hot weather tells the betterness of five-ply collars over three-ply—the wilting is much slower. These collars are linen on both sides, making the inside cool and giving a fine finish that doesn't soil quickly. Such collars have always been 15 cents until we made the new price—five-ply linen collars 5c. each, 6 for 25c.

BELTS.

Silk belting in stripes and solid colors 19c. yard. Handsome mourning belt buckles 25c. Correct cloth mourning belts 25c.—something new. Colored belts, slightly soiled, reduced from 35c. to 15c. These are very cheap, as the hurts are slight. Other shirt waist accessories are Madras ties 5c. Linen cuffs 15c., two pair for 25c. Phantom shirt waist extender, 25c.; light, cool adaptable to the present fashion in dress—holds the shirt waist out gracefully from the form with bones.

D. HUNT & SON.

CONFEDERATE VETERANS.

The Annual Reunion of the U. C. V. Will Be Held at Atlanta, July 20-23 Inclusive.

The General Commanding announces that the eighth annual meeting and reunion of the United Confederate Veterans will be held in Atlanta, Ga., upon the following dates: July 20th, 21st, 22d, and 23d, 1898, Wednesday, Thursday, Friday and Saturday, respectively, the dates of July 20th, 21st, 22d being anniversaries of the battles of Peach Tree Creek, Manassas and Atlanta, respectively. All Confederate organizations and Confederate soldiers and sailors of all arms, grades and departments, are cordially invited to attend this reunion.

He also announces that eleven hundred and thirty camps are already enrolled in the U. C. V. organization, with applications in for over one hundred and fifty more.

The city of Atlanta was fittingly chosen as a central location, so as to be nearly equally accessible to the veterans from every section of the South. He urges officers and members of all camps to commence now, without delay, making preparations to attend this great reunion, which is to be held at the historic capital of the "grand old State of Georgia," and he has no hesitation in guaranteeing that from the world-renowned reputation of the great people of that beautiful city and glorious State, that in the cordial welcome which they will extend to the U. C. V.'s, the grand old veterans of Atlanta, and of the entire State of Georgia, will strive by all the means at their command to excel the boundless hospitality so generously and lavishly extended at all former reunions.

He especially urges all camps to commence now, without delay, preparing for delegates, alternates and as many members as possible to attend.

Business of the greatest gravity affecting the welfare of the old veterans will be transacted during this reunion—such as the benevolent care, through State aid or otherwise, of disabled, destitute and aged veterans and the widows and orphans of our fallen brothers-in-arms, which will be one of the most important matters for our consideration. In this connection the General Commanding calls especial attention to the increasing age, multiplied sorrows and corroding cares of many of the gallant old soldiers, who risked their lives and fortunes for what they considered right during the eventful years of 1861-65.

GREAT CLEARANCE SALE OF SHIRT WAISTS.—We have marked all that is left of our great Shirt Waist stock at prices regardless of cost. Our stock still contains all sizes and styles, and you'll admit these to be the greatest Shirt Waist bargains ever known in this vicinity. The following figures speak for themselves:

White Lawn Waists, made of the finest India Linen, trimmed with Swiss inserting, reduced from \$1.95, \$1.50, \$1.25 and \$1.00 to \$1.59, \$1.19, 98c. and 79c. respectively. Also a few dozen White Pique Waists—the \$2 and \$1.75 kind are now \$1.59 and \$1.39. And then, too, all of our Gingham, Madras and Cheviot Waists have been still further reduced, to-wit: All \$1.25 and \$1.00 Waists are now 79c., the 75c. and 65c. kind 49c., and the former 49c. kind, which are of actual 75c. worth, are now marked 39c. It's needless for us to tell you that you'll find all these waists strictly as advertised.

QUICK-SELLING PARASOL PRICES.—We've been cutting prices all along the line, and the parasol stock came in for a severe share of it. These figures will tell the tale: At \$3.29 we have a twenty-six inch Parasol of best grade white and black Taffeta Silk, with the new style ruffled edge, worth fully \$4.50. At \$1.59 there is a superb White Silk Parasol, with two rows of trimming, worth fully \$2.50. All of our \$1.25 White Silk Parasols, with long, white crook handle and of regular \$1.50 value, reduced to 98c.

BARGAINS IN WASH GOODS.—Prices range from 34c. to 29c. a yard, and not a piece but what is marked at a wonderful bargain price. Organdies, Dimities, Lawns, Gingham, Madras Cloths—in fact everything in the wash goods line, and all this season's goods. A critical inspection will soon convince you we're selling 'em way below others.

She is the eldest daughter of Mr. Samuel B. Stevens, formerly of Paris.

FARMERS' Home Journal: "The average 1,000 bushels of corn loses 115 bushels when it has become thoroughly dry. If the 1,000 bushels is worth 50 cents when gathered, it must bring 75 cents when dry. Add to this the cost of interest and insurance, and it is evident that the rise must be considerable in order to pay for the holding for a higher market."

THE man who was injured near the C. and O. station this week is still at the city alms house and continues to get along very nicely. He now says his real name is Thomas Arthur Nuckols, instead of Robert Johnson, and that his home is near Richmond, Va. The family of A. G. Wicker, a Cincinnati merchant, who disappeared recently think that he is the man who was injured here.

REV. HOWARD T. CREE, the eloquent young pastor of the Christian Church, carried off the honors at the Chautauqua inter-collegiate oratorical contest at Lexington Friday over six competitors. A Two-Days' Sale That Will Prove a Wonder.

On next Friday and Saturday, the 8th and 9th, inst., we will sell 165 Men's Suits that have sold and are positively worth from \$12.50 to \$18, for

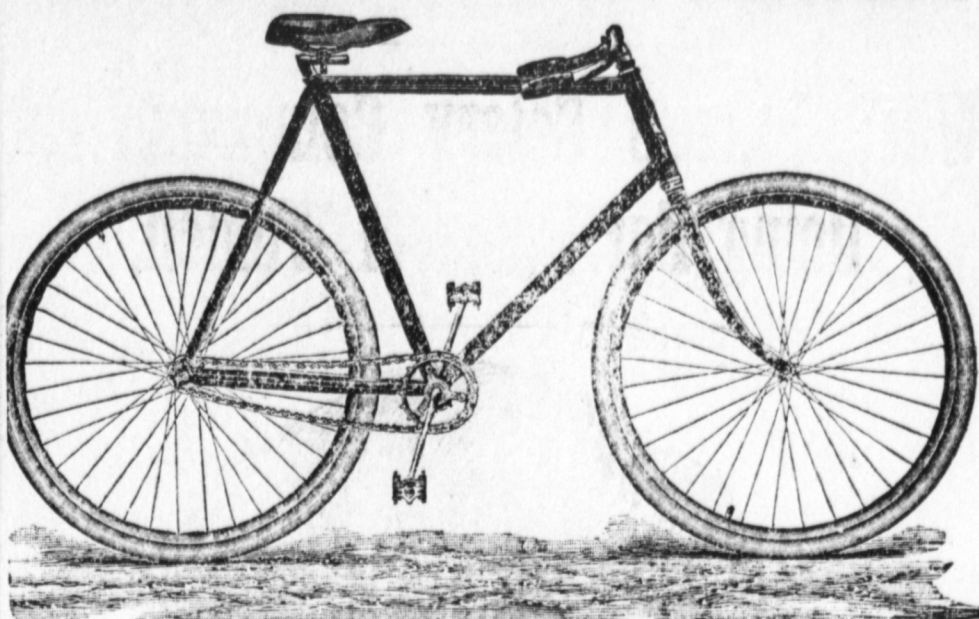

\$7.65

spot cash. The suits are made of imported Tweeds, Worsted, Cheviots and Cassimeres, elegantly trimmed, and made by the very best tailor made clothiers in the country. Our reason for selling them at the ridiculously low price of \$7.65 is that they comprise small lots and broken sizes of our spring stock. We do not intend to carry them over into next season, hence if you can find your fit in this lot you buy the cheapest suit of clothes you ever bought in your life. Whilst all of these suits are the very best of goods, it will be to your advantage to be on hand for early choosing.

We will be ready for you Friday morning, and the sale on them will positively close Saturday night.

Electric Park.

The auditorium at this resort held delighted audiences all week, who seemingly appreciated the good, clean vaudeville program presented.

This is the last night of the favorites, "The Howards," "Little Mabel" "Wild and Adams." Go out and see them. All new people next week, including the great Shannon Balloon Co., who will give nightly ascensions, including a brilliantly beautiful pyrotechnic display. You can go out to see this balloon ascension, and rest assured that there will be one and no disappointment—for there will be a real balloon, a real ascension with two real aeronauts.

The big feature including the vaudeville show and car ride is only 10 cents.

SICKNESS TO HEALTH.

What Paine's Celery Compound Is Doing For Hosts of Women.

It speaks volumes for Paine's Celery Compound that all of the many women who have recovered health by its means very many were induced to take it through the persuasion of other women, —sisters, mothers or friends.

When a sick and feeble sufferer is seen to gain steadily in health and vigor from taking Paine's Celery Compound no room for doubt is left to the most stubborn-minded person. This joyous transformation from sickness to health is going on in thousands of homes this spring.

Here is the experience—like that of hundreds of others—of Mrs. R. H. Studds:

135 N. St., N. W., Washington, D. C.
Wells, Richardson & Co.—Gentlemen: Paine's Celery Compound was recommended to my husband by his father, who told him to have me try it, for with other remedies I did not seem to be getting better. I was suffering from nervousness, and my baby seemed to nurse it from me, as she did not sleep more than fifteen to twenty minutes at any time. I also suffered from indigestion and very torpid liver. I find that Paine's Celery Compound not only comes up to what you say, but that it is, without doubt, the best tonic and remedy for

women. I do not think it can be recommended too highly. Respectfully yours,

Mrs. Lydia M. Hayden, of Marion, Ind., writes:

"Before commencing the use of Paine's Celery Compound I was treated by many doctors and tried many remedies, but did not get any better. I seemed to be all broken down, I was tired all the time and my constitution seemed to be giving out. I weighed only 115 pounds last fall when I commenced using Paine's Celery Compound. In less than two months I weighed 124 pounds, an unusual weight for me. I have had better health ever since and have felt better this summer than I have for years.

"My little daughter was away from home on a visit, and came home looking as if she had had a hard sickness. I went right away and got her a bottle of Paine's Celery Compound, and she has had better health since than she ever had in her life, eats hearty and is growing fast."

No woman in any way out of health can in justice to herself and her family fail to take Paine's Celery Compound when its power of restoring health is so abundantly proved.

JOHN H. ERION.

A Former Citizen of Germantown Died This Week at Paris.

[Bourbon News.]

John H. Erion, the well-known architect of this city, died Wednesday morning at his home on Convent Heights, after a lingering illness of consumption. The deceased is survived by his wife, Mrs. Daisy Sweeney Erion, who has faithfully nursed him during his long illness. Mr. Erion had a host of friends here and elsewhere who will mourn his death, and many tributes are paid to the fine genius of the deceased, who has left many handsome buildings as monuments to his name and skill as an architect. In his last hours his mind clung tenaciously to his latest work—the erection of the new Bourbon Bank building in this city—and he made alterations in the plans this week. The funeral was held yesterday at 4:30 at the Christian Church, conducted by Revs. Rutherford and Eberhardt. The following were pall-bearers: J. W. Thomas, Jr., Harvey Hibler, W. T. Talbot, E. B. January, Sherman Stivers and C. B. Daugherty.

Deceased formerly resided at Germantown, and was the architect and builder of the new amphitheater and other buildings at the Maysville fair grounds.

Rev. Geo. E. Raff is able to be out after an illness of a few days.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

A large crowd is expected to go up tomorrow to visit the boys in camp.

The boys in camp are now in high spirits, and no more are leaving.

Lieutenant Morrow, of Somerset, was sent home Friday, as it was feared he was threatened with typhoid fever.

Some of the patriotic ladies of the city and county are preparing baskets and boxes of good things to send to the boys at Camp Corbin.

The sick are being cared for on the grounds. Surgeon Bruner says it is intended to not take them to the city hospitals unless there is some very serious illness. As yet none of the men has been seriously ill.

At the forty-five minutes service at the Y. M. C. A. Sunday afternoon at 4 o'clock Rev. D. D. Chapin is the speaker, and the leader Prof. Hayes Thomas. Interesting, short service. Hearty singing and solo. Lemonade will be served. All men come. A. H. Lamb, Secretary.

Attractive Women.

Why is one woman attractive and another not? The most admirable and attractive thing about an attractive woman is her womanliness. Everybody admires a womanly woman. She must have health, of course, because without it she would lose the brightness of her eyes, the fullness of her cheeks and her vivacity. Real health must mean that a woman is really a woman. That she is strong and perfect in a sexual way, as well as in every other. That she is capable of performing perfectly the duties of maternity. Some are born with what is called "constitutional weakness." Those who do not enjoy perfect health, need only take the proper precautions and the proper remedy to become perfectly well and strong. Dr. Pierce's Favorite Prescription will cure any derangement of the distinctly feminine organism.

At Ruggles Camp Grounds,

MONDAY, JULY 4, at 10 a. m., the following privileges will be let to the best bidders: Hotel, Confectionery, Stables, Baggage Room and Barber Shop. The board reserves the right to reject any or all bids.

The meetings on these beautiful and much improved grounds will be held beginning July 28th and closing August 18th. Eminent divines will be present. Rev. W. B. Collins, D. D., of Louisville, Ky.; Rev. E. O. Buxton, D. D., of Avondale, O.; Rev. C. W. Barnes, D. D., of Wyoming, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of Prof. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that the music will be all that could be desired. A splendid addition has been made to the hotel, giving ample accommodation to all. The promenade grounds have been extended, a new stable built and many other improvements made. The grounds are beautiful, and, best of all, there is an abundance of pure water—two large cisterns, three wells, one of which is 150 feet deep, the water of which we have had analyzed, and it contains the following medicinal properties: Total solids, 3.6 to the liter; soluble salts, 3.35 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts, 0.4 to the liter; consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Frenger and J. G. Dover, Presiding Elders of the Covington and Ashland Districts.
